| ○ Python for Data Science | ○ SQL/MSSQL | ○ Data Manipulation |
| ○ Data Warehousing | ○ Data Base Management | ○ Data Visualization |

PROFESSIONAL EXPERIENCE

- Data Analyst**, Quantum Analytics NG – *Lagos, Nigeria*August 2022 – Present
- Performed complex data analysis using advanced tools like Excel, SQL, Python and Power Query Editor as well as techniques for data modelling, cleaning and manipulation to uncover insights that drive strategic decisions.
 - Created detailed reports and visualizations using advanced tools like Excel, Python, Power Bi and Tableau to communicate findings to senior management and other stakeholders.
 - Designed and implemented data warehouse solutions to support large-scale data storage and analysis.
 - Integrated data from various sources into a centralized database, ensuring consistency and accuracy.
 - Developed and managed ETL (Extract, Transform, Load) processes to ensure timely and accurate data loading into the data warehouse.
 - Worked closely with cross-functional teams, including marketing, sales, and other departments, to understand their data needs and provide actionable insights.
 - Ensured the accuracy and integrity of data through rigorous quality checks and validation processes.
 - Implement and manage data security measures to protect sensitive information from unauthorized access.
 - Stay updated with the latest data analysis trends and technologies and applied them to improve data processes and outcomes.
 - Mentored and guided junior analysts, providing support and sharing best practices.

- Junior Data Analyst**, Yoma-Care Pharmaceuticals NG LTD – *Delta State, Nigeria*March 2019 – July 2022
- Collected data from various sources like clinical trials, sales reports, and market research.
 - Cleaned data to ensure it is accurate and free from errors by removing duplicates and correcting inconsistencies.
 - Used tools like Excel, SQL Python to analyze the data and find trends or patterns. Maintained, coordinated and updated the client database, records and mailing lists.
 - Created charts, graphs, and dashboards to present the findings in an easy-to-understand format.
 - Assisted more experienced analysts with complex data projects and report writing.
 - Organized and stored data in databases or other storage systems for easy access and retrieval.

EDUCATION

Delta State University Abraka, Delta State, Nigeria | **Bachelor of Science in Human Physiology**December 2014 – July 2018

CERTIFICATION

Microsoft Certified: **Power BI Data Analyst Associate**April 2024
